### Product description

#### **ONE RACK FOR ALL MOTORCYCLES**

#### *CONSTRUCTION*

*the AISI 304 / 1.4301 stainless steel construction ensures extraordinary durability and resistance to weather conditions, which makes our rack ready for any challenge*

### ***STRONG FASTENING ELEMENTS***

*snap hooks, shackles and turnbuckles made of AISI 304 / 1.4301 stainless steel guarantee safe fastening and stability during transport*

### LOAD CAPACITY

*our rack can easily handle an impressive load capacity of up to 280 kg, which allows you to easily transport even the heaviest motorcycles*

## LOADING

*Trivially simple and extremely fast loading and unloading time of the motorcycle - just 1 minute is enough and you can set off on your journey, without wasting unnecessary time.*

*Our rack ensures full stability of the transported motorcycle thanks to its unique construction, which immobilizes the front wheel and provides excellent fastening.*

*The innovative design allows you to quickly wash your trunk after returning from an off-road ride, eliminating the problem of mud and sand, which will never remain on your trunk again.*

**Load capacity: 280 kg**

**Net weight: 55 kg**

**MAIN BAR - Hitch Size, 2" (51mm) - US standard**

**Dimensions: 200 cm x 150 cm x 13 cm**

**Packaging dimensions: 150 cm x 30 cm x 30 cm**
